330-425-2087

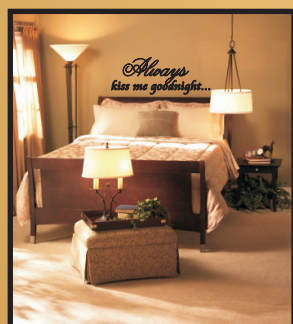

★ We now carry a new line of wall graphics ★  
★ to personalize your home or office.

All graphics are made of a very thin, flexible vinyl. They are backed with a light adhesive for easy application to walls or other smooth surfaces, glass, mirrors, shower doors, exterior doors, patio doors. The vinyl used is easy removable and will not damage painted walls. Graphics can be applied to just about any clean, smooth, and weather-resistant surface that is free of dust, grease, or other contaminants. We strongly discourage installation of graphics on certain surfaces such as brick, stucco, concrete block, suede paints, and sand paints
